

I am very disappointed to hear I may not be able to get 91.1 (K-Love) anymore, this is an important station to me as a resident of my local community. There are many times my friends call me up and say Hey, are you listening to K-Love they have something good on now. This station is important for our local community & if it were to be replaced we would not be able to get this station. I believe the service provided by K-Love is in the public interest, it is a wholesome, upbeat station to listen to. They keep us informed of upcoming events, that I wouldn't even know about. I do not want this station displaced by an LPFM broadcaster. Thankyou, Lorna Hagy
